Spring 2026
CONFIDENTIAL

The Problem

Fragmented healthcare and wellness data

Missed early risk signals

Reactive care environments

Limited connection between care and cost

Reserve management is out-of-balance

The Reveali Platform

UNIFIED INTELLIGENCE
LAYER ACROSS SYSTEMS &
ENVIRONMENTS

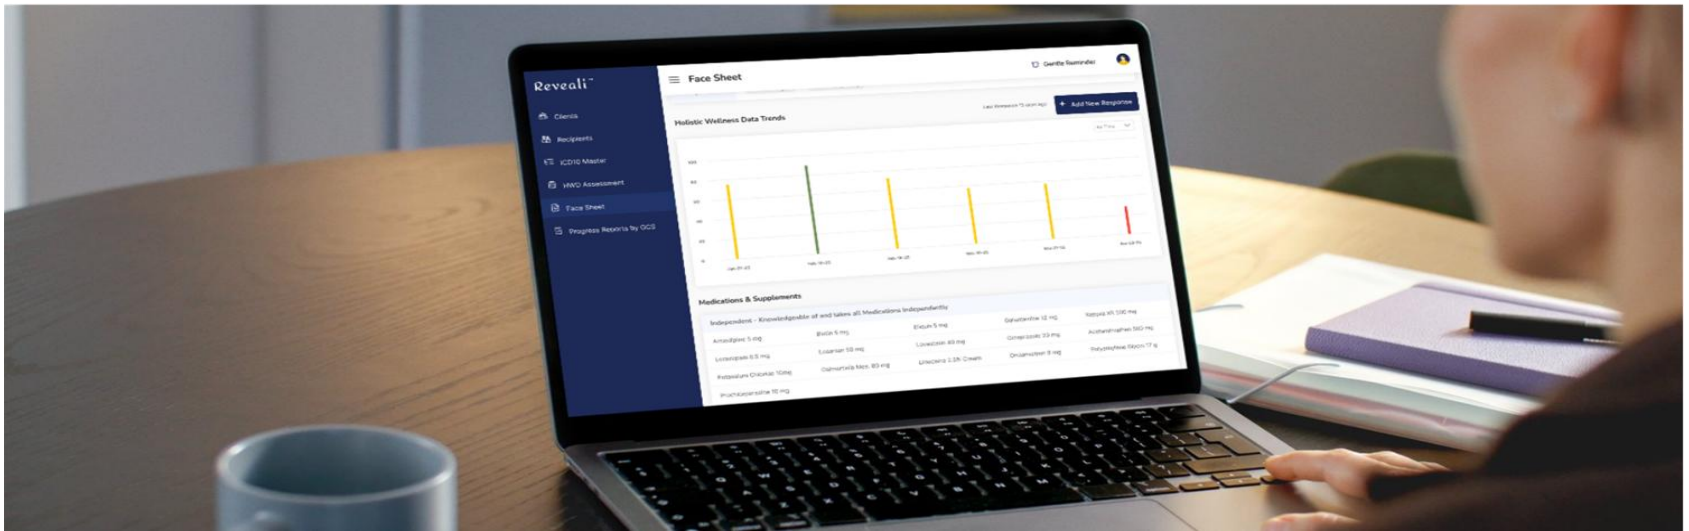

COMPREHENSIVE CLINICAL /
NON-CLINICAL +
OBSERVATIONAL DATA

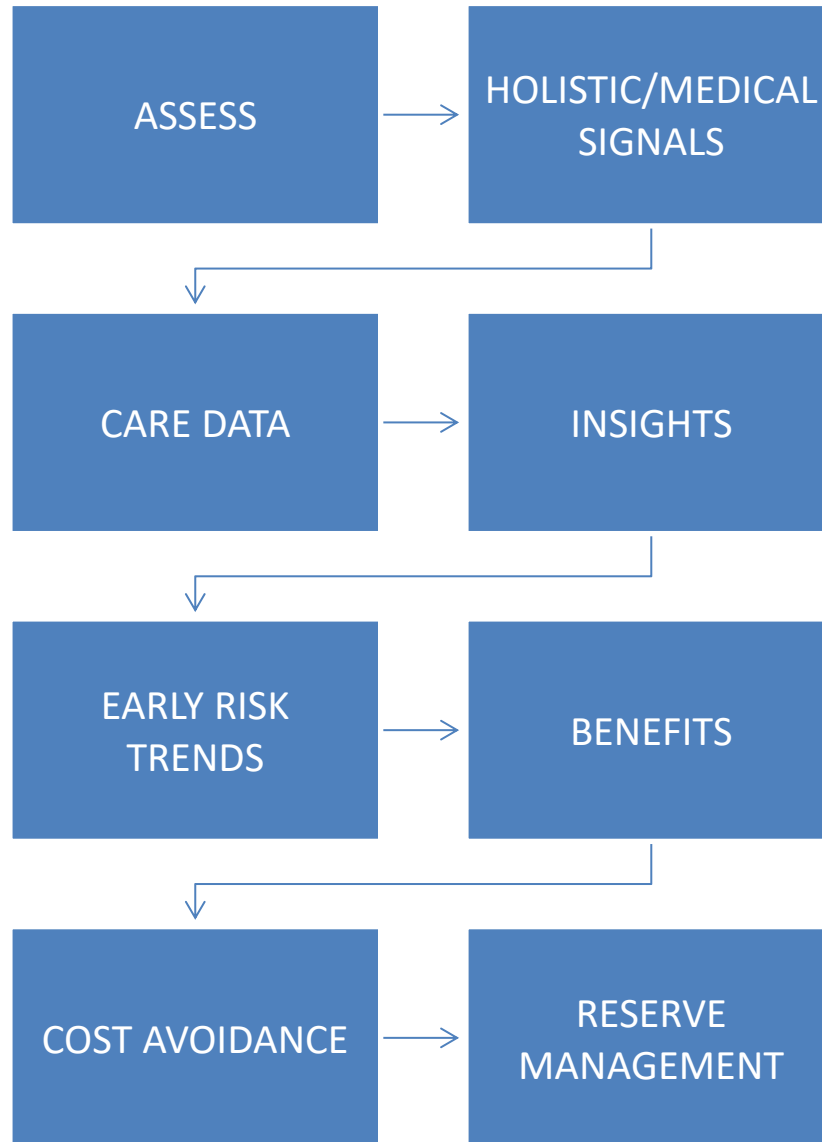

INTEROPERABLE WITH EMRS
AND HIES FOR MEASURABLE
IMPACT RECORDKEEPING

PERSONALIZED AI-ASSISTED
ACTIONABLE INSIGHTS –
EASILY DELIVERED AND
DIGESTED

Data Flow Intelligence Model

Solution: Actionable Intelligence

- Drives early intervention, improves predictability, and generates financial gains
- Bridges providers, care support, family and insurance stakeholders
- Patent-pending Intelligence gathering, analysis & risk stratification systems
- Personalized EMR alerts and actionable insights

Proprietary Intelligence Engine

Tailored Intelligence Across the Healthcare Ecosystem

Healthcare Systems & Providers – Clinical decision support, early intervention, care coordination

Insurance & Reinsurance – Claims prediction, risk modeling, reserve optimization

Medicare & Medicaid – Population health insights, compliance alignment, cost containment

Regulatory Programs – Quality metrics, reporting intelligence, outcome tracking

Assisted Living & Rehab – Real-time signals, acuity scoring, operational optimization

Vision

Global Health Risk Intelligence Platform

Predictive Care and Risk Alignment

Shared Intelligence Ecosystem

Transform Healthcare & Insurance Industry
Decision-making

We will reveal the future
of healthcare together.
